UP TO **80,000** PEOPLE IN THE UK PRESENT SOME KIND OF SEXUAL THREAT TO CHILDREN ONLINE

National Crime Agency, September 2018

Meet the new DFE guidelines 'Teaching online safety in schools'.

"It is important to teach pupils about the underpinning knowledge and behaviours that can help pupils to navigate the online world safely."

DFE, June 2019

Schools across the country are turning to the OSA Certificate of Online Safety to enhance and measure pupil understanding in this important area. Enhance safeguarding and generate valuable data to share with governors and inspectors to evidence the quality of your provision.

Updated for 2019-2020

The OSA Certificate of Online Safety is available at KS3 and KS4 with age-appropriate content including:

- Online bullying
- Grooming including radicalisation
- Sexting and use of personal images
- Live streaming
- Health issues (mental and physical)
- Digital footprint management
- Identifying fake news
- Impact of influencers
- Consequences of poor choices
- Reporting concerns and seeking support

The new version of the Certificate also includes enhanced levels of interactivity to maximise pupil engagement and understanding.

Certificate delivery

The OSA Certificate of Online Safety is delivered online and can be completed in lessons or independently as home learning. It provides full access to all learning materials required to complete the course, including high quality animated videos, presentations and summary documents.

All assessment is carried out online, with pupils able to progress at their own pace by taking tests when they feel ready.

Provide evidence of meeting KCSIE expectations.

In 2017-2018, tens of thousands of children in secondary schools and PRUs across England undertook the OSA Certificate of Online Safety.

> *"The feedback we have received from both students and parents has been extremely positive and as a school we now have clear evidence that students have completed this additional online safety learning."*
>
> **Assistant Headteacher, Weald of Kent Grammar School**

> *"We have been very successful in delivering the OSA to our two year groups of years 7 and 8. I found the delivery clear to follow with good resources to help explain each topic."*
>
> **Head of Computing, Kingsbury High School**

How to subscribe

A one year subscription to the OSA Certificate of Online Safety requires a one-off payment of £299 (with no hidden or additional costs). This provides:

- 12 months access to the 2019-2020 OSA Certificate of Online Safety for all pupils in your establishment including access to all learning materials.

- The ability for pupils to undertake each assessment as many times as they need to along with instant feedback on their performance.

- Personalised documentation and presentations to help roll out the system to the pupils.

- Administrative support to get up and running and to access progress and assessment grades for your pupils.

- Full access to the CPD version of the Certificate of Online Safety for all staff in your establishment. This popular course ensures staff are fully aware of statutory requirements, current online risks to children, how to protect children and their own responsibilities regarding their use of social media.

- Full access to our parental training course to enhance the ability of parents and carers to play a full role in supporting safeguarding within your establishment.

Reduced costs are available where schools are only entering limited numbers of year groups or where an establishment has very limited numbers of pupils (e.g. PRU settings).
